

## GOOD FEELING AND HARMONY

Words of Cheer Spoken at Various Meetings Held in San Francisco Yesterday.

### FIRST BUILDING PERMIT

ELOQUENCE OF ARCHBISHOP RIORDAN.

San Francisco, April 27.—Harmony and pledges of good feeling marked the meetings today of the various bodies of citizens, committees and representatives of the army who are administering the affairs of San Francisco. The last sign of confusion and misunderstanding which at one time existed has disappeared, and the first signs of the return to normal conditions were the resumption of street car traffic in certain sections and the taking out of the first permit for a modern steel structure upon the ground occupied a few days ago by a less substantial one.

Archbishop Riordan appeared at the meeting of the citizens' general committee today and in an eloquent speech counseled harmony between those who are striving to bring order out of chaos, and predicting a city greater, more beautiful and a more striking example of American pluck and enterprise than the old San Francisco. "Union should be our watchword," said the archbishop, "and whatever differences may have existed between the men of this community in the past should be wiped out. The Catholic church is perhaps among the very heaviest losers, but we are undismayed and I come here today to tell you that the noble men and women over whom I have direction are at your service." These ringing sentences of the archbishop were enthusiastically cheered.

#### Mayor's Eloquent Speech.

Mayor Schmitt replied to these sentiments in a speech equally eloquent, saying that harmony already prevailed and that whatever enmity may have been felt in the past was wiped out. He said that the city of San Francisco had but one object in view—the immediate rebuilding of a newer and better municipality.

Dr. Edward Devine, on behalf of the Red Cross society, called to the general feeling of the occasion by reading a telegram from Secretary of War Taft, in which the latter told of the gratification of President Roosevelt at learning of the harmony that now exists in the carrying out of the immense work which has been put upon San Francisco.

The reappearance of the first electric cars upon the streets of San Francisco since the great disaster was celebrated as quite an event. City and railroad officials and invited guests filled the first car started on the run across the city. Mayor Schmitt, acting as motorman. Everywhere the sight of the car was greeted with cheers from thousands of pedestrians. A continuous service was re-established later in the day, and the city has been living in tents and in even less comfortable quarters on a large tract of land on the north side of the bay. Knowing the gregarious habits of the Chinese, the citizens' committee and the mayor feared that if even a few of them returned to their old district and took up quarters the entire Chinese population would follow, and the problem of the city would be made more difficult by the influx of the Chinese. The suggestion was made that the Chinese be moved temporarily to a large open tract of land in the presidio reservation, it was adopted immediately, and here they will find a resting place until arrangements can be definitely made for their permanent city at Hunter's Point, a most desirable spot on the southern arm of San Francisco bay.

#### Statement Was Exaggerated.

The statement went out early today that a large body of Italians and other Latin races camped along North Beach were suffering from lack of shelter of any kind. This is not entirely true. The relief committee had had more difficulty in systematizing the work among these peoples than anywhere else, and much of their discomfort has arisen through their own ignorance of camp life. The unsatisfactory conditions, however, were considerably alleviated in this district today.

The finance committee late today gave out the following recapitulation of the subscription fund: Total out-of-town subscriptions, \$4,617,088.43; local subscriptions, \$213,950; total, \$4,831,038.43; subscriptions promised but not signed, \$500,000; grand total, \$5,331,038.43.

#### Earthquake Investigation.

At a meeting of the finance committee late today, Professor Andrew C. Lawson, chairman of the state earthquake investigation commission, appointed by Governor Pardee, made request for a small appropriation necessary to begin the work immediately. When questioned as to the practical value of the undertaking, Professor

Lawson explained that recommendations might be based upon the effects of the shock in different geological formations, and added that the information so established would be valuable. The commission has already sent broadcast throughout the state printed inquiries requesting the fullest data obtainable.

Chairman James D. Phelan reported that he had made arrangements whereby Superintendent Frank Leach of the United States mint, and would credit the amounts received from all sources to the relief and Red Cross fund, honoring drafts against it.

Phelan announced that he had turned over \$50,000 to the Stratton of the Oakland relief committee, and \$2,500 to Rev. P. C. York of the Central Catholic relief committee of Oakland. This left available for immediate use \$318,000.

While not included in the announcements, it was learned that the Canadian Bank of Commerce had contributed \$25,000 to the relief fund, and that the American company had made a donation of \$10,000.

In executive conference the finance committee decided that the request of the citizens' committee should be referred to some scientific institution which would doubtless supply the funds needed to defray the expenses.

### ARGUMENT IN CRAPSEY CASE

Continued from Page 1.

"Now, I claim," said Dr. Crapsey, "that from the day that I assumed the authority to preach the word of God, I have been diligent in the study of the Holy Scriptures and have made my teachings upon them. If my people come to me and say 'what shall I do to be saved?' I answer them, 'Not by my own words, but in the word of the Master.'"

Dr. Crapsey averred that when asked the way to eternal life, Christ said: "Thou shalt love the Lord Thy God with all thy heart and with all thy soul and with all thy strength, and with all thy mind, and thy neighbor as thyself," and "go and sell all that thou hast and give to the poor and come and follow me."

#### The Way of Salvation.

Dr. Crapsey added: "I ever teach my people that to love God and man, is the way of salvation."

"Three charges that are preferred against me relate not at all to the gospel of Christ, but I am accused of denying certain articles of the creed."

A formal creed was presented to the church only when the church became a great political institution, receiving into itself multitudes of people whom it had to discipline, and the creed was formed for the purpose of presenting a simple outline for the instructions of candidates for baptism.

The creed of and by itself is not a prement of the gospel of Christ. It tells us to the people: it is simply an assertion of certain facts about God. If we had the creed only and no further knowledge we would know nothing at all of the gospel of Christ. It tells us nothing whatever of the nature of God—whether he is good or bad."

The first speaker this afternoon for the defense was Rev. Edward Worcester of Boston. He began by reviewing the charges against Dr. Crapsey, characterizing some of them frivolous and others and attempting to prove, by reference to church history and Scriptures, that these remarks had good foundation and were not contrary to the Scriptures and therefore not heretical.

### BENEFIT WAS PROFITABLE

Performance in Bernhardt Tent in Chicago Nets \$15,500 for San Francisco.

Chicago, April 27.—Fifteen thousand five hundred dollars was raised for the relief of suffering San Francisco at the benefit performance held under the Bernhardt tent on the lake front opposite the Auditorium hotel yesterday. Twenty-five thousand would be a conservative estimate of the number of people who visited the scene of festivity in the name of charity. Among the performers were E. H. Sothorn, Julia Marlowe, E. S. Willard and their companies; Mrs. Leslie Carter, Richard Carle, Robert Lorraine and company, the "Mexicana" company, the "Before and After" company and representatives of almost every other theatrical entertainment now playing in this city.

### MAY DAY BALL.

American Fork, May 1. Dancing at Apollo hall. Music by Nettleton's orchestra. Special train leaves via Salt Lake Route at 7:30 p. m.

### GO TO OGDEN SUNDAY, April 29th.

Via the O. S. L. for a dollar (round trip). Trains leave Salt Lake, 7:10 a. m., 10:30 a. m., 1:30 or 4:05 p. m. Returning, leave Ogden, 4:10 and 6:20 p. m.

The Hermitage Hotel in Ogden canyon will be opened.

### IMPROVED AUTOS COMING

Will Be Placed on Exhibition Next Week for Inspection of the Public.

Three of the latest improved automobiles are scheduled to arrive in Salt Lake by freight some time tomorrow, and will be placed on exhibition at the Consolidated Wagon and Machine company's place of business, 150 State street, on Monday morning. The only thing that will prevent the arrival of these fine autos will be delay on account of the heavy travel of refugees from San Francisco.

The machines are of the four-cylinder type and are classed in the front rank of "hill-climbers." Not only are they "climbers," but they are also constructed for speed. They are the Rambler make.

With these machines will also be displayed the finest line of high and medium grade vehicles from the best manufacturers, together with a complete line of farm implements and machinery.

The Ladies' Aid society of the English Lutheran church will hold a handkerchief and apron sale together with a cake sale at the Owl drug store on Main street, opposite the new post-office, on Saturday afternoon and evening.

HELP NEAR AT HAND.

DR. KEELEY SURPRISED THE WORLD WHEN HE SAID: "DRUNKENNESS IS A DISEASE AND CAN BE CURED."

This fact is now known to every reading or listening man, woman and child, so far as civilization extends. Over 400,000 men and women have been cured of alcoholism and drug addiction at Keeley Institutes. Statements made about the treatment being deleterious to health are bosh. It is exactly the contrary. Cures are positively made. Those who relapse to their former habits after taking this treatment do so from a non-appreciation of the requirements and advantages of a strictly sober life. Correspondence strictly confidential.
